W: 415 mm  
H: 385 mm
- Class: III
- Protection level: IP 23
- Loudness: 70.9 dB (A)

It is the biggest walk-behind machine. It is particularly indicated for medium-large surfaces and as it is very easy to handle it is also suitable for floors with obstacles where a ride-on machine should proceed very slowly. The ergonomic controls and the hydraulic pump make this machine easy to use without any efforts.
