

Onyx 35B

Machine walk behind traction by the brush

Battery autonomy 1h15

Battery
24V 28Ah

Cleaning width 345mm

Solution tank / recovery tank
15 / 16 l

Disc brush
345mm/14"

Brush pressure
25 kg

Brush speed
170 rpm

Theoretical working capacity

1240 m²/h

The Onyx 35 is a battery powered scrubber equipped with a 35 cm single disc brush and an incorporated charger.

The machine is suitable to clean small environments such as offices, shops, laboratories or any place with narrow areas.

The recovery tank can be taken off in order to drain and clean it.

The Onyx 35 is provided with a strong squeegee with rubber. The handlebar can be taken off tanks to a quick lock system. The handlebar can be adjusted and bent to move easily the machine.

When the tanks are empty the machine can be bent backward in order to store it easily and to allow every maintenance intervention on the brush.

Strong points :

- Handling and ergonomic
- Quality of suction = perfect dry floor
- Brush pressure 25 kg
- Capacity tanks 15 /16 l

Squeegee width	410mm
Traction	by the brush
Brush motor	200 Watt
Maximum gradient	2%
Suction motor	200 Watt
Suction vacuum	90 mbar

Machine dimensions

Length	757 mm
Width (wit squeegee)	415 mm
Height	550 mm
Weight (with batteries)	65 kg

Battery compartment

Length	270 mm
Width	215 mm
Height	190 mm

Class	III
Protection level	IP 23
Noise level	66,8 dB(A)
