

baby

Theoretical working capacity: 1240 m²/h

baby is single brush floor cleaning machine with a working width of 35cm, it is battery powered and equipped with an on-board charger

TECHNICAL DATA

Walk behind machine without traction

Power supply 24V/28Ah

Cleaning width 345mm

Brushes pressure 25kg

Battery autonomy 60-75min.

Solution tank / recovery tank 15/16l

Disc brush 1x345 mm

Brushes speed 170rpm

- Squeegee width: 410 mm
- Brushes motor: 200 Watt
- Motion system: semiautomatic
- Maximum gradient: 2%
- Suction motor: 200 Watt
- Suction vacuum: 90 mbar
- Machine dimensions:
 - L: 757 mm
 - with squeegee W: 382 mm
 - H: 550 mm
- Machine weight (with battery): 65kg
- Battery compartment:
 - L: 270 mm
 - W: 215 mm
 - H: 190 mm
- Class: I
- Protection level: IP 23
- Loudness: 66.8 dB (A)

baby is single brush battery powered floor cleaning machine with a cleaning width of 35cm and integrated battery charger. It is suitable to clean even very small areas such as offices, shops, laboratories, tavern, terraces, private pools and every other environments with narrow passages. The recovery tank can be taken off in order to drain and clean it. The baby machine is provided with a strong squeegee which rubber is taken off through a quick docking. The handlebar can be adjusted and it bends in order to allow an easy transportation. Once the water is drained it is possible to capsize the machine without taking anything off in order to make it less bulky to be stored. In that position also every maintenance intervention on the brush or on the squeegee results easier.
