

baby-e

Theoretical working capacity: 1240 m²/h

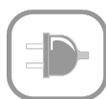

baby-e is a single brush floor cleaning machine with a 35cm working width, it's cable powered.

TECHNICAL DATA

Walk behind machine without traction

Power supply
230V, 50Hz

Cleaning width
345mm

Brushes pressure
25kg

Battery autonomy - - -

Solution tank / recovery tank
12,5/13,5l

Disc brush
1x345 mm

Brushes speed
145rpm

- Squeegee width:	410 mm
- Brushes motor:	450 Watt
- Motion system:	semiautomatic
- Maximum gradient:	2%
- Suction motor:	190 Watt
- Suction vacuum:	70 mbar
- Machine dimensions:	L: 685 mm
with squeegee	W: 415 mm
	H: 490 mm
- Machine weight:	44 kg
- Class:	I
- Protection level:	IP 23
- Loudness:	<70 dB (A)

baby-e is a 35cm cleaning width single brush scrubber, cable powered. It is suitable to clean even very small areas such as offices, shops, laboratories, tavern, terraces, private pools and every other environments with narrow passages. The recovery tank can be taken off in order to drain and clean it. The baby-e is provided with a strong squeegee which rubber is taken off through a quick docking. The handlebar can be adjusted and it bends in order to allow an easy transportation. Once the water is drained it is possible to capsize the machine without taking anything off in order to make it less bulky to be stored. In that position also every maintenance intervention on the brush or on the squeegee results easier.
